

# Bourton on the Water Youth Club – Autumn 1 2018

## SUMMARY (from Gemma – Project Manager):

The term at Bourton on the water youth club began with our usual planning session, the young people also took the chance to play outside at the park. Lots of exciting ideas were generated from this planning session including, having a ghost tour and visiting the fire station. Emails have also been sent to the primary school hoping to publicise the youth club there.

The second session this term we had toffee apples, as had been requested by the young people. The young people also made the most of a nice evening by spending some time in the park. With summer giving way to autumn the young people would like to make the most of the daylight hours during youth club time.

The next session the young people enjoyed toasted sandwiches, as they had requested. They also had free play where they were able to enjoy the park and board games.

The next session the young people had we had smoothie making and free play. Smoothie making is always a fantastic opportunity to discuss healthy eating and lifestyles.

For the final session of half term, Liam had managed to organise a fire lighting session at Cranham Scout camp, through his contacts in daytime education. Sadly, only two were able to make this session but they had a great time collecting fire materials in the woods and building their own campfire. The facilities at the Scout camp are excellent and we hope to be able to utilise these again in the future for the young people at Bourton on the water youth club.

## THIS TERMS SESSIONS

10th Sept: 10 young people

17th Sept: 8 young people

24th Sept: 5 young people

1st Oct: 6 young people

8th Oct: 8 young people

15th Oct: 2 young people

## STAFF IN OUR SESSIONS:

Lyam Galpin

Paula Burrell

Jo Kellett

Gemma Hall

## ACTIVITY IN SESSIONS:

- Park
- toffee apples
- toasted sandwiches
- board games
- arts and crafts

## COMING UP:

after half term, the young people will be treated to a ghost walk around Bourton on the water. They will also have the chance to plan more exciting sessions that they want to do at their club.

Plans for a youth Council in Bourton on the water, in collaboration with the health connect project of Cotswold District Council, are being put together and funding has been applied for. We aim to launch a youth Council in January, giving young people in Bourton a voice.
