1. PURPOSE

Aim of the Community Emergency Plan - is to increase resilience within the local community before, during and after emergencies, and to link into the local authorities and emergency services' emergency response structures. This Plan documents how the Parish of Bourton-on-the-Water would respond in an emergency situation e.g. while awaiting the assistance of statutory authorities /emergency services, or in support of them. **It is not the role of the community to take on the responsibilities of these agencies e.g. to save life, to take any risks to themselves or to cope for long hours without agencies' help and support.**

Definition of an emergency

An emergency/major incident is any event or circumstance (happening with or without warning) that causes or threatens death or injury, disruption to the community, or damage to property or to the environment on such a scale that the effect cannot be dealt with by the emergency services, local authorities and other organisations as part of their normal day-to-day activities.

Objectives

- Provide details for key community contacts with whom authorities can liaise with in an emergency
- Identify the risks to the community and relevant response actions
- Identify vulnerable groups and properties in the community
- Identify resources (including local ' Place of Safety policy' – Appendix 1) in the community available to assist during an emergency

2. KEY POINTS OF CONTACT FOR THE COMMUNITY

The following persons will coordinate the community's support to an emergency and be the points of contact for Cotswold District Council/ Emergency Services.

Name	Tel:	Email:	Postal address
1) Parish Council Chairman: Bob Hadley			
2) Parish Council Vice-Chairman: Bryan Sumner			
3) Parish Council Clerk: Sue Cretney			

3. POSSIBLE EMERGENCIES AND RISK ASSESSMENT

Risk assessment of the types of emergencies that would have an impact on our community and how local emergency planning could help.

In all instances, the Key Contacts will liaise and establish the scale and extent of the emergency, consider the Emergency Plan and relevant policies, obtain approval of a budget for costs, and instigate appropriate action.

The Key Contacts will allocate personnel to the roles of Co-Ordinator, Welfare and Out and About, as appropriate, once the nature and scale of the Emergency has been established. The type of tasks that may fall within the respective roles is set out as Appendix 2.

4. ACTIVATION OF THE PLAN

This plan will be activated when an emergency has occurred or if warnings are received, prior to an anticipated event. It may also be activated when local authorities/emergency services need support or are not able to attend immediately e.g. in severe weather. In this case the nominated Key Contacts for the community (section 2) will put all or part of this plan in to effect as appropriate. **If the plan is activated Cotswold District Council should be made aware please (see section 8 for contact details).**

5. COMMUNITY RESOURCES

APPENDIX 1

PLACE OF SAFETY POLICY

INTRODUCTION

District Councils are responsible for setting up a central Rest Centre during an emergency. However, it may be necessary to set up a temporary Place of Safety within the community as an option e.g. for visitors or for people evacuated from their homes.

TRIGGER

The setting up of the Place of Safety will only be implemented following a decision made by the Key Contacts as set out in the Emergency Plan, namely the Chairman and Vice-Chairman of Council at the time, and following notification to all councillors. A budget for costs will be considered and recommended by the Chairman for approval by Council, via e-mail correspondence / telephone contact, if necessary, as soon as possible following the decision to set up the Place of Safety.

LOCATION

The temporary Place of Safety will be the George Moore Community Centre (unless the nature or location of the emergency prevents this).

IMPLEMENTATION

The process for preparing and using the place of safety is as follows:

- When the decision to activate has been taken, one of the Key Contacts is allocated to informing and liaising with CDC's Emergency Planning Officer;
- A budget is approved for costs;
- The Council will liaise with the local churches to seek assistance with resources and provisions;
- A key holder is notified to open the Centre and Council office;
- Resources are allocated to the following tasks:
 - cashing cheques to ensure provisions/equipment can be purchased;
 - purchasing/collecting supplies (expenses to be logged and supported by receipts for later processing);
 - manning the kitchen to provide refreshments;
 - setting up seating accommodation and food stations within the Centre, as required;
 - setting up sleeping accommodation within the Windrush Room, as required;
 - directing people to refreshments, sleeping areas etc;
 - relaying information to the community via the web-site and social media notifying them that a place of safety has been established;
 - displaying signage to direct people to the place of safety;
 - recording those entering and leaving the place of safety, to include name, address, telephone number and any special needs/concerns eg if they want to check up on a relative, have any medical conditions or needs etc;
 - liaising with the emergency services/doctor's surgery in respect of people with medical conditions, and maintain records of action taken in this respect;
- On leaving the place of safety, checking residents once they are back in their homes to ensure they are safe (people will have been informed that this is likely to happen, on arrival at the place of safety). Contact details are kept securely by the Council and are destroyed once contact is no longer needed.

POST-EMERGENCY

- All costs are reported to Council;
- The Council will review the policy, assess whether amendments are required, and make recommendations for adoption;
- Thank volunteers.
