## Our Action Plan is:

Please complete at least 3 actions - you can add more if required.

<b>Action 1: Title:</b> George Moore Community Centre even more Dementia Friendly
<b>What we are going to do:</b> BotW Parish Council will review and maintain its booking policies and procedures for GMCC, with a view to making the community centre supportive for organisations to use, including those with dementia and their friends and family members

  

<b>Action 2: Title:</b> Dementia Friendly Parish Council
<b>What we are going to do:</b> Support training eg use of GMCC Support signposting eg publicise resources At least three Councillors and staff will be supported to train in dementia awareness, aiming for at least one to volunteer in the role of a community dementia link worker, to inspire others to do the same

  

<b>Action 3: Title:</b> Dementia Friendly Bourton
<b>What we are going to do:</b> BotW Parish Council will support volunteers, community groups and businesses in the Village in their efforts to make our community friendly for people with dementia and their families

Are there any challenges to delivering these outcomes for you or your organisation/group/business?

1. Staff & Councillor time (for learning and connecting, for signposting) 2. Leadership at community level (giving a voice)
--

How can you overcome these challenges?

<p>We are committing to realistic steps, to ensure we do not set ourselves up to fail. We will support others in the Parish, and organisations too, but will be clear about our role and resources, neither of which are for direct service delivery, but instead to signpost and enable sustainable actions by others. We are supporting people with dementia by signing up to this Alliance.</p> <p>Our village of over 4300 residents has a quarter aged over 70. As our Village Centre is a much admired and visited Cotswolds treasure, it will be benefit many residents, businesses and visitors to be Dementia Friendly Bourton.</p>
--

Thank you very much for showing an interest in the Gloucestershire Dementia Action Alliance, and please do not hesitate to contact us for information or support
